How to enrol your child in Year 7

Enrolling your child in Year 7 is an important part of their education journey.

The [Education and Training Reform Act 2006](#) guarantees your child a place at their designated neighbourhood government school (local school).

The department's [Find my School](#) website allows you to find your local school based on your permanent residential address. The [Find my School](#) website is the official and most up-to-date source of information on school zones.

The Victorian government supports school choice. This means that you can apply to schools other than your local school. Schools will consider your application in line with the department's Placement Policy and offer enrolment if there are available places. If schools have limited places, they will prioritise enrolment of siblings and students who live nearest the school. You can find more information about how applications are prioritised at www.vic.gov.au/how-choose-school-and-enrol.

What you need to do

1. **Locate** your local school for 2025 and other secondary schools at www.findmyschool.vic.gov.au
2. **Complete** the [Application for Year 7 Placement 2025](#) form (pages 11-14) and return it to your primary school **by Friday 10 May 2024**.

Non-government Year 6 students

If your child is currently home schooled or attends a non-government primary school that is not managing Year 7 placements, submit this form directly to your preferred government secondary school by the same date.

You will receive written notification of your child's Year 7 placement for 2025 **on Wednesday 17 July 2024**.

3. **Return** the [Year 7 Placement Acceptance Slip](#) **by Wednesday 7 August 2024**.

International students

Fee-paying international students who hold a subclass 500 Schools Sector visa (a student visa in their own name) should **not** complete the [Application for Year 7 Placement 2025](#) form. If you are a parent or carer of a child holding this visa type, the International Education Division will contact you to assist with secondary school enrolment.

All other fee-paying international students on dependant, temporary or bridging visas must use the [Application for Year 7 Placement 2025](#) form.

More information

Contact your primary school if you need more information. The Year 6 Coordinator, Transition Coordinator, or Principal of your child's primary school can help you with any questions you may have about the Year 7 placement process.

Frequently asked questions

General information

1. Where can I find secondary schools in my area?

To find a full list of schools within Victoria, please visit:

- Victorian government schools: www.findmyschool.vic.gov.au
- Catholic schools: www.cecv.catholic.edu.au/School-Directory-Search
- Independent schools: is.vic.edu.au/independent-schools/
- International Student Program (ISP) schools: www.study.vic.gov.au

2. Can my child be home schooled for Year 7 in 2025?

Parents and carers wishing to home school their child must register with the Victorian Registration and Qualifications Authority (VRQA).

For information please visit: www.vrqa.vic.gov.au/home/Pages/homeeducation.aspx

3. My child attends a Catholic or Independent primary school. Will my child's primary school help me apply for Year 7?

In some instances, a non-government primary school may manage applications for Year 7 placements in government secondary schools. This means that your child's primary school will remain your point of contact throughout the placement process.

If your child's non-government primary school is not managing the process, please contact your preferred government secondary school for direct submission of the [Application for Year 7 Placement 2025](#) form.

All parents and carers will be notified in writing of their child's Year 7 placement offers on Wednesday 17 July 2024.

4. My child is an international student. Do I need to complete the [Application for Year 7 Placement 2025](#) form?

Fee-paying international students who hold a subclass 500 Schools Sector visa (a student visa in their own name) should not complete the [Application for Year 7 Placement 2025](#) form. If you are a parent or carer of a child holding this visa type, the International Education Division will contact you by Friday 10 May 2024 to assist with secondary school enrolment for your child.

All other fee-paying international students on dependant, temporary or bridging visas should use the [Application for Year 7 Placement 2025](#) form.

If you have any questions about international student enrolments, you can contact: international@education.vic.gov.au

5. My child has a disability. How can I ensure their secondary school will support them?

Every Victorian government school has established programs and practices to support a wide variety of student needs, including students with disability. Schools make reasonable adjustments to ensure students with disability have the same learning opportunities as children without disability.

For information about disability support at school and disability rights and adjustments, please visit: www.vic.gov.au/disability-and-inclusive-education

School zones

6. What is a designated neighbourhood school?

Your designated neighbourhood school (local school) is generally the nearest government school to your child's permanent residential address. The [Education and Training Reform Act 2006](#) guarantees your child a place at their local school. This means, if your child lives within the school zone, they must be offered a place when seeking enrolment.

For more information, please visit: www.vic.gov.au/school-zones

7. How do I find my local school?

Find your local school and other schools in your area on the Find my School website by following the steps below.

1. Enter www.findmyschool.vic.gov.au into your browser.
2. Enter your permanent residential address.
3. Select 2025 under 'Enrolment year'.
4. For Year 7 placement, select 'Secondary' and '7' under 'School type'.

The map will then show your address, your local school, and the contact details for the school. If you scroll down, it will also show you the five closest schools to your address.

You can also search by school name under 'Search for school'.

8. Do I have to apply to my local school?

No, you do not have to apply to your local school. You can list up to three government schools, in your order of preference. Schools will offer enrolment to your child if they have available places.

If none of your listed preferences can accept your application, your child will receive a Year 7 placement offer from their local school.

9. My property sits across two or more school zones. Which is my local school?

If your property sits across more than one zone or intersects a school zone boundary, then your child has the right to attend any of these schools.

10. If my child has two permanent addresses, how is their local school decided?

If your child resides at more than one address, their 'permanent residence' is the address at which they spend most of their weekdays.

If your child spends an equal amount of time at two addresses, both addresses are their permanent address. They can enrol in either one of the local schools.

School placement process

11. How do schools assign places?

Victorian government schools must follow the department's Placement Policy. The Placement Policy is the guiding framework which helps schools determine who to enrol if they have limited places.

The Placement Policy states that:

- Schools must offer placement to all students who resides within their zone.
- Schools should also offer places to students applying from outside the zone if they have sufficient accommodation.

Where schools cannot offer a place to all students who live outside of the school zone, schools will prioritise applications in the following order:

1. students with a sibling at the same permanent address who are attending the school at the same time
2. all other students in order of closeness of their home to the school.

Supported inclusion schools have local enrolment policies that enable them to offer priority enrolment to out-of-zone students who meet specialist enrolment criteria.

In exceptional circumstances, a school may enrol a student on compassionate grounds. Please refer to Appeals section below.

Students holding Subclass 500 Schools Sector visas (a student visa in their own name) must enrol at an ISP-accredited school.

12. How is a sibling defined?

The definition of a sibling reflects modern family arrangements, including step-siblings and students residing together as part of a multiple family cohabitation or out-of-home-care arrangements, including foster care, kinship care and permanent care.

Students applying on sibling grounds for Year 7 must be attending the school at the same time as their sibling.

13. How do I accept my child's Year 7 placement offer?

When you are notified of your child's placement offer you will receive the [Year 7 Placement Acceptance Slip](#). Complete and return the by Acceptance Slip by Wednesday 7 August to accept the offer.

If your child attends a government primary school, you must return the Acceptance Slip to their primary school.

If your child attends a non-government school or is home schooled, you must return the Acceptance Slip directly to the secondary school that offered placement.

You may also receive a welcome letter and further information from your allocated secondary school. This may include a request to confirm your acceptance of placement.

14. Do I have to provide proof my child's permanent address?

The school may ask you to provide evidence of your child's address. Documents should show the same parent or carer name and address as recorded on the Application form.

If you are unsure what documents you need to provide, ask your school or refer to the residential address check: www.education.vic.gov.au/Documents/parents/going-to-school/100-point-address-checklist.pdfw.

15. What happens if our residential address details change after accepting my child's Year 7 placement?

You must contact your child's allocated secondary school as soon as possible to inform them of your new address.

If your new address is out-of-zone, the school may withdraw the placement offer. In this instance, your primary school will assist you in securing a placement at another government school.

Guidance on completing the Application Form

16. My child will not be going to a government secondary school. Do I still have to complete the application form?

Yes, all parents and carers of Year 6 students currently attending a government primary school should complete the [Application for Year 7 Placement 2025](#). You can use the form to tell your primary school that you have a confirmed place at a non-government school or are awaiting confirmation.

If you do not complete the form, your child will receive a placement offer from their local school.

17. What address do I put down if I am moving, or intend to move, in the next few months?

Complete the application form with your current address at the time of submission. Once you have moved, you are entitled to enrol at your new local school, subject to verification of permanent residence.

18. Who needs to sign the Application for Year 7 Placement 2025 form?

Where possible, all parents and carers with responsibility for the student should sign and submit a single Application form.

A parent or carer includes:

- the parents as listed on the child's birth certificate or as described in a Court Order
- an informal carer, with a statutory declaration.

Where parents and carers can't sign a single Application form, you should communicate this to your child's primary school which will allow each parent or carer to complete a separate form.

Where parents and carers have difficulty reaching an agreement on a preferred school, they should resolve the dispute through discussion, attendance at the Family Relationship Centre or at Court. It is not the responsibility of the department or schools to assist with this decision-making process.

19. Do I need to submit supporting documents with my child's Application form?

No, government secondary schools are not permitted to ask families or primary school staff to submit more information in support of a Year 7 placement application e.g., school reports, NAPLAN test results, or letters of recommendation. If proof of address is required, this request will come via your primary school.

Appeals

20. How do I make an appeal?

You have the right appeal if you are not offered a place at your preferred secondary school. You may appeal based on:

- permanent residential address
- sibling claim
- closeness of home to the school
- compassionate grounds

If you want to appeal, you should lodge a written appeal with the preferred secondary school by Friday 26 July 2024.

You must lodge your appeal using the department's Appeal Form, which includes information on the appeals process. Your child's primary school can provide this form.

The school's placement committee and/or Principal will assess the appeal against the department's Placement Policy. You will receive written notification of the outcome by Tuesday 6 August 2024.

21. What happens if my appeal to my preferred secondary school is not successful?

If your appeal to your preferred secondary school is unsuccessful and you believe that the school has not applied the Placement Policy appropriately, you may lodge a further written appeal to the relevant Department of Education Regional Director by Tuesday 20 August 2024.

You must re-use the Appeal Form from your school-level appeal for this stage. Appeals to the Regional Director will not be considered if you have not appealed to your preferred secondary school in the first instance.

A panel of senior regional staff assess the appeal against the Placement Policy. This panel supplies a recommendation to the relevant Regional Director who makes the final decision. You will receive

written notification of the outcome by Friday 18 October 2024. This outcome concludes the appeal process.

22. Can I lodge an appeal to the Regional Director after the closing date?

The Regional Director will consider appeals received after Tuesday 20 August 2024 if there are exceptional circumstances. If you wish to appeal after the closing date, you should contact your regional office for advice. You can find the regional office contact details and locations on the department's website: www.vic.gov.au/office-locations-department-education

23. What are 'compassionate grounds' and how are they assessed?

There may be some situations where, due to exceptional circumstances, a student is unable to enrol in their local school. In these exceptional circumstances, enrolment at another school may be sought on compassionate grounds.

Parents and carers must be able to demonstrate the exceptional circumstances that they believe make an enrolment at the local school unsuitable for their child (for example, family violence or specific wellbeing, safety, physical health and/or mental health concerns).

Each appeal will be dealt with on a case-by-case basis and you may need to supply supporting evidence.

24. What evidence can I provide if I am appealing on compassionate grounds?

When appealing on compassionate grounds, schools and regions can request that you provide:

- legal documentation
- reports from allied health and/or medical professionals, Department of Families, Fairness and Housing (DFFH) Practitioners, Victoria Police and/or family violence service
- court orders.

25. What is not considered compassionate grounds?

The following examples do not necessarily meet exceptional circumstances on compassionate grounds:

- **Ease of transportation** – ease of access to a school via car, foot, public transport or carpool, or that it is closer to the parents or carer workplace, family member's house (that is not the child's permanent address) and/or the school of the student's sibling/s.
- **Individual needs of a student with a disability** – Under the Disability Standards for Education 2005, education providers are legally required to make reasonable adjustments for students with disability. On that basis, grounds for exceptional circumstances do not include concerns related to a child's disability where the school can address those concerns by making reasonable adjustments. For more information, see: [Making reasonable adjustments](#).
- **Curriculum** – preference for the school's curriculum program, as all Victorian government schools deliver school-based curriculum programs that align with the Victorian Curriculum F-10 provided by Victorian Curriculum and Assessment Authority.

Application for Year 7 Placement 2025

1. The Department of Education (the department) is one legal entity and includes all Victorian government schools.
2. The primary school may pre-populate sections 1 to 4A of the attached *Application for Year 7 Placement 2025* form (the Application), before providing it to you, from information already held in its records.
3. The Application asks for personal information such as your child's given name, family name, date of birth, gender, and permanent residential address which are necessary to ensure that:
 - a. you are provided with as much choice as possible
 - b. all children who require a place in a Victorian government school for Year 7 are provided with one in accordance with the *Education and Training Reform Act 2006*
 - c. the transition process is as smooth as possible for your child.
4. If you wish your child to attend a government secondary school currently being attended by a sibling who lives at the same permanent residential address, and who will still be attending the said school in 2025, please identify the school's name, sibling's name, and 2025-year level of the sibling in the Application.
5. You are requested to provide details about your child's placement in a non-government school or intention to home school your child, including the name of the non-government school and whether the placement is confirmed. This information will be used to assist with the planning of placements in government schools and ensure your child has a confirmed placement in a school.
6. To assist the Year 7 placement process, please ensure that all information provided to the school through the Application and other means, is accurate and current, including:
 - a. parent or carer details, including contact phone numbers and email addresses
 - b. permanent residential address
 - c. copies of court orders and/or parenting plans including all Parenting Orders, Intervention Orders and Child Protection Orders and/or an Informal Carer Statutory Declaration.
7. When a Victorian government school student has been accepted at another Victorian government school,
 - personal and health information about your child will be sent to that school electronically through the department's administrative system, CASES21. CASES21 is the software component of the Computerised Administrative System Environment in Schools (CASES) which is the package provided to Victorian government schools to support school administration, finance, and central reporting.
 - the school may request additional information to support your child's wellbeing or safety, including information about educational abilities, interests, and skills. Non-electronic records containing your child's personal and health information may also be transferred at this time.
8. When a non-government student has been accepted at a Victorian government school, the school may request additional information about your child's educational abilities, interests, skills, or other relevant information from your child's primary school, to support your child's wellbeing or safety. This includes personal and health information about each student. Information will be disclosed subject to consent unless such disclosure is authorised or required by law.
9. Transferring personal and health information to a student's Victorian government school is in the best interests of students because it assists that next school in providing optimal education and support to each student.
10. If your child is transitioning to a non-government school for Year 7 in 2025, the receiving non-government school may request personal and health information about your child. Subject to consent, or unless such disclosure is required or authorised by law, your child's government primary school will transfer this data.
11. Personal and health information about students will only be shared with school staff who need to know that information to educate or support the student, to fulfil legal requirements or where permitted by law.
12. All information received by the department will be securely stored and handled in accordance with the Privacy Policy: www.education.vic.gov.au/Pages/schoolsprivacypolicy.aspx
13. You can review the department's privacy collection notice at: www.education.vic.gov.au/Pages/privacy.aspx. This notice explains how the department, including Victorian government schools, handles personal and health information.
