

Artist 2014 Dear parents/carers

Sprouts, Tendrils, Branches and Threads

During 2013 Tim (music) and I were very busy writing a grant, which was submitted, to Arts Victoria. I am very pleased and excited to announce that our application was **Successful**.

Our artist:

Hellen Sky is an Australian digital choreographer / performer / writer. Her interdisciplinary work bridges dance, performance theatre, and installation extended through new technologies. She collaborates with artist, scientist, performers, academics, interface designers and programmers. She develops scores and technology systems that often use real time data, generated by the body to affect the relationship between multiple media. This is to form total choreographies for live performance and installations.

Hellen studied at the Australian Ballet School and the Victorian College of the Arts. She was a member of the Australian Performance Group (Pram Factory) and a founding member of Circus Oz. She was co-founder of the internationally recognized, new media performance company (Company in Space.) Fellow (Of the Australian Council Dance Fund.) Artistic Director of Dance House, center of the moving artist- Just to mention a few of the wonderful things she has done.

Hellen will be coming to our school to speak to students and staff; you are most welcome to attend.

17th Monday February 2.30pm in the Theatre

I am also interested in forming a parent/ cares committee, although I am also interested in you sharing your skills and time, it would be greatly appreciated.

If you are interested can you please email me at:
Dionysopoulos.aggeliki.a@edumail.vic.gov.au

Thanks,
Angela Primary art
