

# FAMILY MATHS AFTERNOON

## Attention Parents of Students in Prep, Year 1 and Year 2,

We are very pleased to invite you and your child to our Family Maths Afternoon 2014. As a celebration of Numeracy within our school, we would love you to come and do some maths with your child! Don't let past experiences with maths put you off! It will be the interesting, thinking, logical, fun maths that anyone can participate in!

Come and spend an enjoyable afternoon with your child and other members of our community. We will start off the celebration with afternoon tea at 3:10pm on **Tuesday 20<sup>th</sup> May**. Siblings are of course welcome to attend if necessary, but it would be lovely for your child to have this time to share with you by themselves. If you are able to bring a plate to share for afternoon tea, that would be appreciated! We aim to start the maths activities by 3:30 and finish by 4:30pm!

A note will go home closer to the date – as a reminder but also asking for a return slip so that we know numbers intending to attend – so we know how many activities we will need!

Looking forward to seeing many of our families doing maths together.
